

About Us

Allens Training is a Registered Training Organisation that provides nationally recognised First Aid courses and OH&S Training throughout Australia. Our company is made up of a friendly and approachable team who are dedicated in providing complete customer satisfaction, flexibility and support. Allens prides itself on placing trust and honesty before profit.

Allens Training was formed in 1998 as a family owned and operated first aid training business in NSW. Since then it has rapidly expanded into a nationwide company teaching our wide variety of courses to thousands of students each year, and offering partnership training arrangements to hundreds of instructors and training companies throughout Australia.

Accreditation

Our accreditation number is 90909 and can be viewed at the Training Government website:

www.training.gov.au

We maintain strict policies and procedures in line with this accreditation, and also ensure that these values are upheld amongst our employees, instructors and partners.

Examples of some of the courses we offer

First Aid - Including online options

Construction Industry - Including White card

Occupational Health and Safety - Including Certificate IV in Occupational Health and Safety

Join Our Partnership Program

Allens Training Pty Ltd has developed a new concept partnership program, which is set up to allow our co-providers the convenience and flexibility to coordinate their own courses under the auspices of Allens Training as the RTO. All our co-providers hold a partnership agreement with us, which outlines the responsibilities of each party.

Our System

The partnership program is designed to allow our co-provider the flexibility to instruct courses when it suits them, for a price they choose. We offer a discount scheme which rewards our partners for purchasing student packages in bulk. The more you buy the cheaper the rate! There are no application fees or hidden costs.

For Example:

| | | |
|--|---|--------|
| You Pay for 10 x packs @ \$22 per pack | = | \$ 220 |
| You charge 10 x students @ \$130 per student | = | \$1300 |
| Total profit to you | = | \$1080 |

*These prices are for example only and the pack price will vary depending on quantities purchased. Student prices will also vary depending on the going rate in your area.

Qualifications

Instructors are expected to hold qualifications that are deemed to be equivalent or higher than the units they propose to teach. Instructors will require Cert IV in training and assessment and will also be required to provide evidence of all relevant qualifications and industry experience.

Benefits

- No upfront costs
- Quick turnaround for student certificates
- Student certificates will be emailed to them prior to being posted
- Employers can validate the employee certificate on our website
- Technical advice available

Website and Broadcast

In today's modern world, it is expected that our trainers have access to the web and email facilities. This will allow you to access our website which contains a fully interactive instructor's only section. This section provides instructors with our online shop, training resources, training and assessment guidelines and other useful information.

We also email our instructors regular broadcasts, which contain the latest updates, continuous improvements and changes in policy and procedure.

Before the Course

Before your course you will be required to order the relevant course materials. The stores ordering process has been streamlined to include an online ordering system directly from our website, which allows you to place and pay for your order at a time convenient to you. You will receive a confirmation email of your order. Stores are then dispatched following the receipt of your order.

Each student package is inclusive of manuals, enrolments, assessments and evaluations. The pack price also includes a statement of attainment and wallet card which are issued for each successful student following the course.

Following the Course

Following the course you will be required to submit the course paperwork to us and input the student data electronically. This data entry creates a quicker turnaround time, which means that once the course has been processed we will issue the certificates and wallet cards directly to you. We also have the capability to send an electronic COPY of the certificate via email if necessary.

*Join us today; our business
is all about you*
