

CALLING FOR HELP

Ensure the safety of everyone
Call the ambulance on Triple Zero (000)

FOR ALL EMERGENCIES - FOR ALL PHONES

Triple Zero (000)

112 – mobile phones if 000 not available

106 – teletypewriter for hearing impaired

If possible, have someone wait outside at an arranged meeting point to assist emergency services with locating the casualty/casualties.

If you make the call whilst travelling on a motorway or on a rural road, identify the direction you are travelling and the last exit or town you passed through.

Display this information by the phone in case of an emergency.
